

## Carl Schmidt Sohn™ Debuts GALAXY At This Year's International Home + Housewares Show in Chicago

### A Futuristic Take on a Traditional Stovetop Pressure Cooker

AZUSA, CA (March 2, 2019)— [Carl Schmidt Sohn™](#) is pleased to announce the US market release of GALAXY at the 2019 International Home + Housewares Show, March 2-5, at McCormick Place in Chicago, IL. The GALAXY is a multi-use stovetop pressure cooker that includes truly stealth features such as a hidden steam valve and a cover with a concealed locking mechanism that reveals itself only when opened. The GALAXY stovetop pressure cooker will allow home cooks across the country to experience the benefits of cooking with a user-friendly stove top pressure cooker with a much shorter learning curve than its electric brethren. GALAXY is both practical and beautiful, thus winning the coveted [IF Design Award](#) in 2018.

GALAXY is a multi-use stovetop presser cooker that can handle a variety of cooking needs from steaming vegetables to sautéing your favorite dishes to perfection. The 6-liter stockpot is constructed from high-quality stainless steel and suitable for all stovetops including induction, and it is dishwasher safe. The silicone cover holds the intelligence and the beauty of the cooker. It houses the central knob that is easy to adjust during the cooking process. There are two pressure level settings and an safety steam release valve. Plus, it comes in four stylish colors enriching the aesthetic of any kitchen, giving it a sleek, modern look.
